COOPERS SCHOONER ALE MALT

Schooner is a heritage barley variety that is well suited for craft brewing.

Schooner's lower attenuation allows for better control in the brewhouse.

CHARACTERISTICS

Grown under contract specifically for the Coopers Maltings, Schooner is a heritage barley variety well suited for craft brewing. Schooner's lower attenuation allows for better control in the brewhouse. It's rich, flavourful character provides a solid backbone for hoppy ales and is also well suited for dark and English style beers.

IMPORTANT

- All barely is sourced from Australian farms and is malted by Cooper's Brewery Malting and distributed by Ellerslie Hop Australia.
- 100% traceability -barley field through all stages of malting process up to and including delivery.
- Produced using the latest technologies and process controls to ensure high quality, consistently malted barley.
- 2.8mm screen used ensuring only the plumpest grains make it into our final product.
- GMO FREE guaranteed.
- Strict internationally accepted requirements HACCP (Hazard Analyses of Critical Control Points) currently in force.
- Conformance to Australian regulations regarding the maximum allowable residues of pesticides, herbicides, fungicides and insecticides as well as traces of nitrosamines.
